PRINCIPAL'S MESSAGE

Welcome to Swahid Peoli Phukan College, Namti.

The college with the aim of imparting higher education to rural disciples was established in 1970 in the rural ambience of the southern part of historic Sivasagar district, and named in the honour of Swahid Peoli Phukan, one of the earliest martyrs of Indian Freedom Movement from Assam. With the endeavor of a handful and dedicated educationists and social workers of the greater Namti area, the college has been established as an affiliated institution to Dibrugarh University and a provincialized college of the Govt. of Assam.

Started as an Arts college with a few students and minimal infrastructure, the college has marched a long way to become a full-fledged co-educational institution of higher education with the streams of Arts and Science accommodating ample opportunities for all round developments. In addition to academics the college equally emphasizes for co-curricular and extra-curricular activities for career advancement of the students. To infuse the sense of social responsibility and dedication the college initiates an environment that encourages the students to be connected deeply to the feelings of nationalism and to build spiritual and scientific temperament. In the last fifty years of ups and down, the college has produced a good number of best graduates and toppers of Dibrugarh University and sports persons of national and international repute and a galaxy of illustrious alumni.

As former faculty member of the college I am acquainted with the noble vision of the college. Now being appointed as the Principal of the college, I ensure that the college remains for the students, as our founding fathers envisioned it to be. I consider myself fortunate to be in the position where I can listen to and solve the challenges that our students and faculty members face. I assure my endeavor to thrive an environment of mutual respect and understanding that unites us and persistently replenishes the desire for learning.

(Dr. Dhrubajyoti Nath)
Principal
